

**RHODE ISLAND  
DATA SHARING PROJECT**

**Overview Presentation**

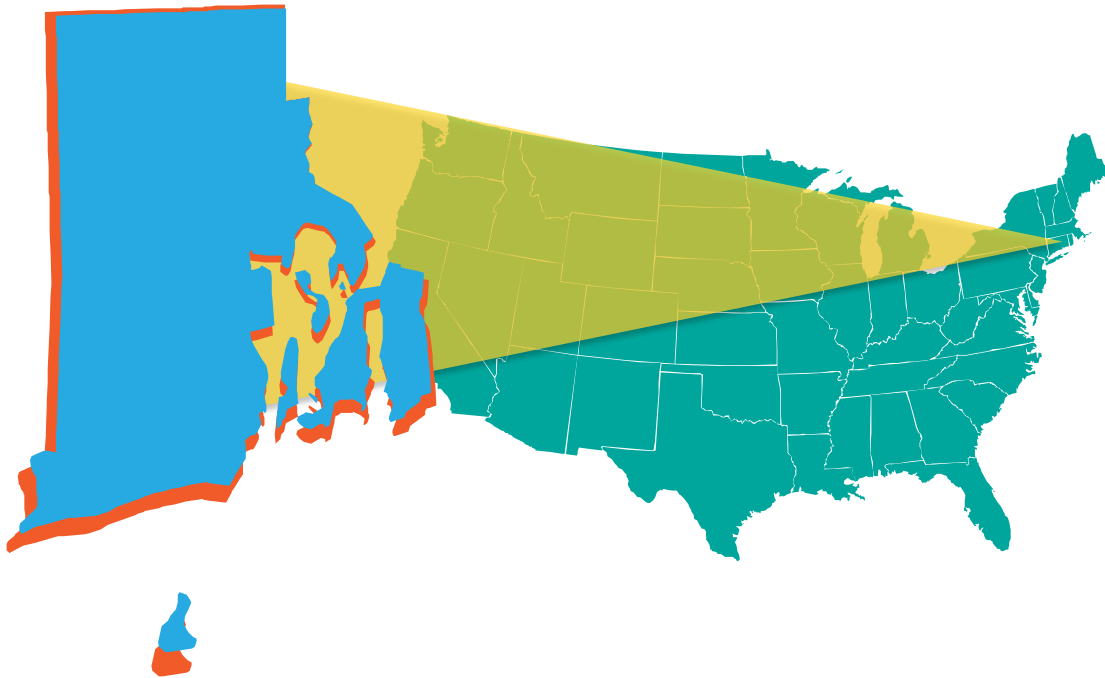

# Building on the RI SLDS Grant

- Between 2009 and 2012, Rhode Island was awarded \$8.6 million in two federal Statewide Longitudinal Data Systems (SLDS) grants
- Initial focus on establishing RI Data Hub and related data sharing agreements with SLDS project team partners
- Organizations currently involved as part of the SLDS grants include:
  - RI Department of Elementary and Secondary Education
  - RI Office of the Postsecondary Commissioner
  - RI Department of Labor and Training
  - RI Higher Education Assistance Authority
  - RI Adult Education Professional Development Center
  - The Providence Plan

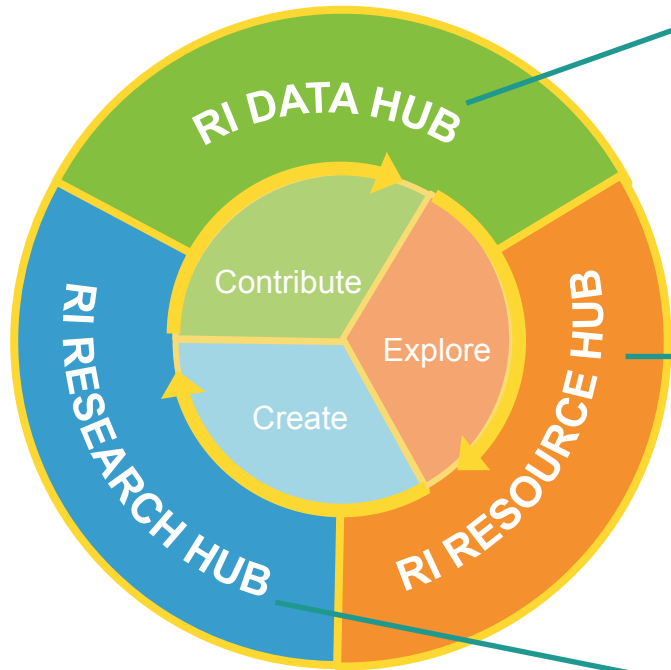

# What is the RI Data Sharing Project

- Promote state agency collaboration
- Help state operations run more efficiently
- Improve outcomes for all Rhode Islanders

# A Comprehensive Approach

## RI DATA HUB

- Contributing by sharing data in the HUB
- Exploring data stories and reports
- Creating comprehensive data visualizations, stories and infographics

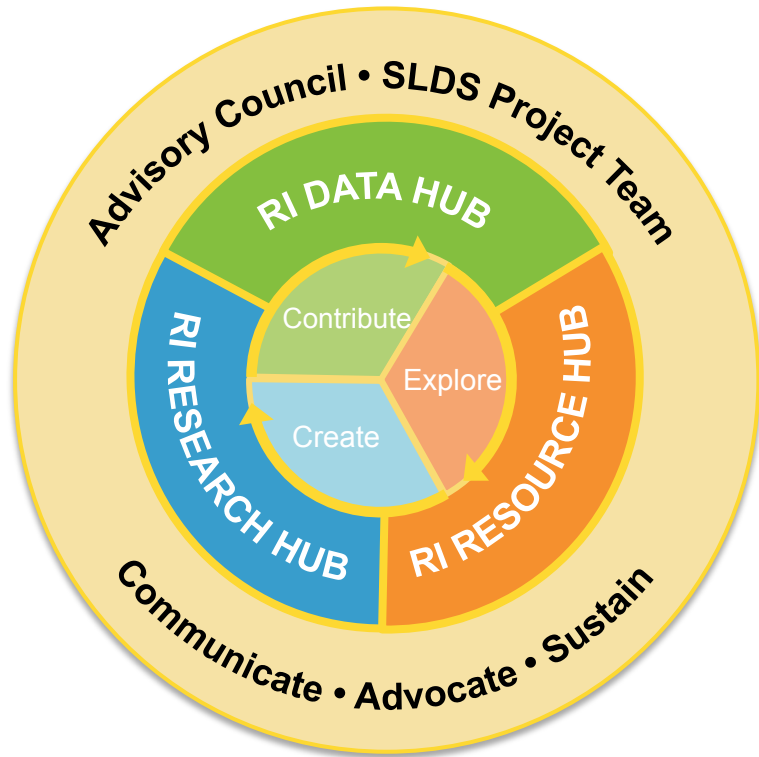

## RI RESOURCE HUB

- Contributing to data stories and reports
- Exploring Rhode Island trends
- Creating and developing research

## RI RESEARCH HUB

- Contributing and linking resources among agencies
- Exploring programs, services and opportunities for the public
- Creating portfolios and learning plans for individuals

# SLDS Project Team and Advisory Council

Project Team	Advisory Council
Implement	Guide
Manage	Advocate
Budget	Inform
Strategize	Promote
