# 2015-16 RSP Tuition Break Graduate Catalog

## How to Use Catalog

The 2015-16 RSP Tuition Break Catalog is a comprehensive guide to the New England Board of Higher Education's Tuition Break, the New England Regional Student Program (RSP). A regional catalog, it explains eligibility for all six New England states.

Start by reading basic information about the Tuition Break on page 2 and the Frequently Asked Questions on page 3.

To determine which majors residents of a state may study with the Tuition Break:

Go to the degree section in this catalog. The majors are organized by program category (such as Business, Engineering). Check to see which states are listed next to a major, as in the following examples.

## Examples of Graduate Majors:

Historic Preservation (M) ..... CT, ME, MA, NH, RI  
*UVM*

Sound Recording Technology (MM) ..... CT, ME, NH, RI, VT  
*UMASS-L*

● **Code(s)** = College(s) offering major with the Tuition Break. College codes are explained on page 21.

If a state college/university is not listed (even though it has the major), it means the college chooses not to offer the major with the Tuition Break.

● **States** = Residents eligible for Tuition Break.

If a state is not listed, residents of that state are not eligible, because a home-state public college or university offers the program.

# New England Board of Higher Education's RSP Tuition Break for New England Residents

The New England Board of Higher Education's Tuition Break program, the New England Regional Student Program (RSP), provides a discount on tuition to New England residents, when they enroll in approved degree programs at out-of-state public colleges and universities in Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont. New England's 80 public colleges and universities participate in the RSP Tuition Break program.

Information on all approved degree programs – undergraduate and graduate – is available at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak) under the "Find a Program."

The 2015-16 annual graduate catalog is a comprehensive list of the 250+ graduate degree programs offered through NEBHE's Tuition Break program and explains eligibility for residents of all six New England states.

Residents of a particular New England state are eligible for an approved major at one or more specific out-of-state New England public colleges or universities – when that program is not offered by any home-state public institution. Students apply for RSP status on the institution's application form; no separate application is required. The institution notifies applicants who are accepted for admission whether they have been granted RSP status.

The approved majors do not necessarily include every program for which residents might expect to be RSP eligible. Participating colleges and universities may decide against offering certain programs, such as those which are highly competitive.

## Shared Resources

The RSP enables the six New England states to expand educational opportunities for their residents, while avoiding duplication of costly academic programs. Since it was established by NEBHE in 1957, the RSP has provided New England residents with savings on more than 270,000 annual tuition bills. The RSP has at the same time helped individual New England states avoid spending billions of dollars in capital and operating expenditures for academic programs already offered in other New England states.

## Significant Discount

In academic year 2013-14, more than 9,500 New England students were enrolled through the RSP Tuition Break and saved \$56 million on their annual tuition bills. Participating students enrolled on a full-time basis each saved an average of \$7,200 on their 2013-14 annual tuition bills.

The RSP tuition rate reflects a significant break on an institution's *out-of-state* tuition rate. Public colleges charge *out-of-state* tuition to students who permanently reside in other states and *in-state* tuition to students who permanently reside in the state where the college is located. Tuition rates for all participating colleges and universities are posted online at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak).

## Examples of 2014-15 Graduate Tuition Rates:

University	In-State	Out-of-State	RSP Rate	Tuition Discount
University of Connecticut	\$12,202	\$31,674	\$21,354	\$10,320
University of Maine	\$7,524	\$23,580	\$11,286	\$12,294
University of Massachusetts Amherst*	\$2,640	\$9,936	\$4,620	\$5,316
University of New Hampshire	\$13,500	\$26,460	\$20,250	\$6,210
University of Rhode Island	\$11,532	\$23,606	\$17,298	\$6,308
University of Vermont	\$14,184	\$35,832	\$24,822	\$11,010

Note: Only the tuition portion of college costs is discounted by the RSP Tuition Break program — not fees, room and board and other charges. View current tuition rates for all participating RSP Tuition Break institutions at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak) under the "Data & Reports" tab.

\*In addition to tuition, UMass Amherst charges annual mandatory fees of about \$15,900 for full-time RSP and out-of-state students.

# Frequently Asked Questions

---

## **Is the Regional Student Program (RSP) Tuition Break for New England only?**

Yes. The program is only for permanent residents of the six New England states—Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont—who attend out-of-state public colleges and universities in New England.

## **How does a student qualify for the RSP?**

As a permanent resident of a New England state, a student is eligible for the RSP when enrolled in an approved degree program offered by a specific public college or university in another New England state. Information on approved majors (associate, bachelor's and graduate) is available under "Find a Program" at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak). Note: The approved graduate degree programs are also listed in this catalog.

At certain colleges, students may petition for eligibility for graduate programs (Policy 3 B2 a), or when the out-of-state college is closer to home than the in-state college(s) offering the same program (Policy 3 B3). Refer to the Policies on page 24 or the "Eligibility" page at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak).

## **How does a student apply for the RSP?**

A student completes the college's application for admission and declares an approved major offered through the RSP by that college. Some college applications include a box to check for "New England Regional" or "RSP." Otherwise, a student should indicate "Applying for Regional Student Program (RSP) status." NEBHE does not require a separate application.

The college notifies a student of RSP status usually at the time of acceptance to the college. Note: Some programs have special requirements (see footnotes to programs).

## **How much of a discount is the RSP?**

The average annual tuition savings per full-time RSP student is currently \$7,200. The RSP allows an eligible student to pay a regional rate, which is significantly less than out-of-state tuition. The rate is based on a percentage (up to 175 percent) of a college's in-state rate. Current graduate tuition rates are posted at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak) under "Data and Reports."

## **Can a student already enrolled at a college declare an RSP major at that college?**

Usually. An enrolled student needs to contact the registrar and/or the college's RSP campus representative, listed on page 22 of this catalog.

## **How are degree programs approved for RSP status?**

Undergraduate and graduate majors are approved for RSP status on an annual basis. The residents of a particular state become eligible for an RSP major after a review by that state's public colleges and universities determines that a comparable major or concentration is not offered in-state.

## **Why are certain programs, which aren't offered in a student's home state, not offered under the RSP?**

Sometimes a college or university decides not to offer certain majors, such as high-demand programs, under the RSP. Also, a few programs are not offered by any New England public college or university (Examples: Aerospace Engineering, Physician Assistant, Professional Golf Management).

## **What happens if a student changes from an approved RSP major to one not approved?**

A student will be charged the full out-of-state tuition rate from that point forward.

## **What happens if a college decides to discontinue offering a major through the RSP?**

If a college withdraws a major from the RSP, but still offers the major, students currently enrolled through the RSP are grandfathered.

## **Can the RSP be used to attend a private college or a college outside New England?**

No. The RSP is only available at New England public colleges and universities.

## **Is an RSP-eligible student eligible to apply for financial aid?**

Yes. A student should complete the FAFSA (Free Application for Federal Student Aid) available at [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and any other financial aid applications required by the college(s) in order to be considered for any type of financial aid (scholarships, grants, loans and/or work-study). For general financial aid information, visit [www.studentaid.ed.gov](http://www.studentaid.ed.gov) and [www.finaid.org](http://www.finaid.org).

  - Writing (UMASS-D): Graduate certificate also available.

## COLLEGES AND UNIVERSITIES ALLOWING ELIGIBILITY UNDER PROXIMITY

In addition to allowing eligibility for their approved degree programs (as listed in this catalog), certain colleges and universities allow RSP eligibility under Proximity – for students who live closer to an out-of-state college than to an in-state college (\*Policy 3B3, *Proximity-Based Programs of Study*). The following institutions allow proximity eligibility in some cases for their graduate programs: Rhode Island College, University of Massachusetts Dartmouth, University of Massachusetts Lowell, University of Southern Maine. \*The RSP policies are listed on page 24 of this catalog.

# Regional Student Program Tuition Break Policies

---

## 1. Program Authorization

The New England Board of Higher Education (NEBHE) was established by the New England Higher Education Compact, a formal interstate agreement among the six states authorized by the United States Congress in 1954. NEBHE established the New England Regional Student Program (RSP) in 1957 to fulfill the purposes of the Compact. Through the RSP, the New England states cooperate to share academic programs offered by their public higher education institutions and provide eligible New England residents with a tuition break when they pursue approved programs not offered by their home-state public colleges and universities.

## 2. Participating Institutions

All of New England's public community colleges, state colleges and universities participate in the RSP, because of their state's membership in the Compact. Each institution and/or system has a designated RSP representative.

## 3. Criteria for RSP Eligibility

### A. Student Eligibility

An RSP student must be a permanent resident of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island or Vermont and matriculated in an RSP program. A student may be enrolled on a full-time or part-time basis, unless the institution has a different tuition policy for part-time study.

### B. Program Eligibility

#### B1. *Regional Programs of Study*

- a) Regional programs are academic programs that are distinguished by their content, courses and credits. The majority of regional programs are majors, however, in certain cases they may be specialized concentrations or options that approximate majors in their requirements. Regional programs are not offered by any of the participating institutions in an eligible student's home state, but are offered by at least one participating institution in one of the other New England states. NEBHE engages the participating institutions in an annual review to determine eligibility and publishes an annual catalog of approved programs by early September.
- b) In the case of certain RSP programs, students may not be eligible for the RSP tuition discount as freshmen, but may be eligible in upper-class years, as specified by the offering institution. Details are explained in the programs' footnotes.

#### B2. *Additional Programs of Study*

A student may be RSP-eligible for additional programs as follows.

- a) Highly specialized graduate programs (in addition to those listed in the RSP catalog) are sometimes available through the RSP by student petition. If a student determines that a specialized program is not available at his/her home-state public institutions, the student may contact the RSP graduate representative to request RSP eligibility at the out-of-state New England state college or university that offers the program. The student needs to provide statements from the home-state public institutions demonstrating the program's unavailability. Approval of RSP status is at the discretion of the institution.
- b) Participating institutions may choose to offer certificate and diploma programs, which are not necessarily listed in the RSP catalog.
- c) The community colleges may choose to make available through the RSP any program of study offered at their institutions.

#### B3. *Proximity-Based Programs of Study\**

In certain cases, a student may apply for RSP status at an out-of-state institution that is nearer to his/her permanent/legal residence (in closer proximity) than a home-state institution offering the same program.

There may be restrictions to this eligibility:

- a) Institutions accepting students may limit eligibility:
  1. To commuting students only;
  2. To students who reside within a certain distance from the accepting institution; and/or
  3. To students enrolling in certain programs (e.g. programs listed in the RSP catalog, under-enrolled programs, etc.).
- b) A home-state institution offering the same program, or a state system, may restrict the eligibility of their state's residents on this basis to commuting students only.

Institutions from adjoining states may negotiate any conflicts in their implementation of this policy. NEBHE will act as arbiter when institutions cannot reach agreement.

Institutions must notify NEBHE during the annual RSP review whether and how they plan to accept students on this basis, and whether they plan to restrict the participation of their state's residents to commuting students only.

---

#### 4. Application Procedure and Notification of Acceptance

NEBHE does not require a separate application for RSP eligibility. A student needs to complete the college's admissions application, indicate that he/she is applying for RSP status, and list an RSP program as his/her intended major/program of study (see Policy 3B1). Some college applications include a specific question regarding the RSP.

A student eligible for RSP status is considered on the same basis as other equally qualified applicants. The institution informs the student of his/her RSP status when accepted to the college. An additional review process may be required for acceptance into certain programs.

#### 5. Effect of RSP Status on Financial Aid Award

Financial aid is awarded based on need and/or merit at the discretion of the institution. If a student has been accepted for admission and received a financial aid award prior to declaring an RSP program as his/her intended major, the institution may revise the financial aid award. There is no guarantee that a student's RSP status will provide an additional discount; however, it should not result in a net increase in out-of-pocket expenses.

#### 6. Transfer Students

Both internal and external transfer students may be accepted into the RSP. In both cases, a student is eligible for RSP status from the first semester of enrollment in the RSP program of study:

- a) A student may transfer into an RSP program of study from another program at the same institution. An institution may have specific requirements to change to an RSP program.
- b) A student may transfer into an RSP program of study from another institution.
- c) If a student transfers from an RSP program of study into one that is not offered through the RSP, the student will be charged the out-of-state tuition rate from that point on.

#### 7. Requirement of Progress in the RSP Program

An eligible student enrolled in an RSP academic program must make progress in that program by taking the required courses and is monitored accordingly by the college/university.

#### 8. Withdrawal, Limitation or Elimination of RSP-Approved Programs

- a) An institution must give a two-year advance written notice to NEBHE, during the annual RSP review, in order to withdraw an approved program from RSP eligibility. NEBHE will include the withdrawal notice with the program's listing and delete the program from the RSP catalog effective two years from the notice. RSP students enrolled in a program at the time of its withdrawal retain their RSP status until they complete the program.
- b) An institution/system may limit or cap the enrollment of RSP students. An institution/system must give a two-year advance written notice to NEBHE, during the annual RSP review, indicating the intent to limit or cap future RSP enrollment at the present level.
- c) If an institution eliminates a program of study, the institution must notify NEBHE in a timely manner so that program can be deleted from the next RSP catalog.
- d) If an institution is eliminating a program from the RSP because it is no longer classified as a major, but the course requirements for the program remain the same, the institution may continue to offer it as a concentration under the RSP. If the institution chooses not to continue offering it, students currently enrolled in the program will be grandfathered if they continue to pursue the required courses.

#### 9. RSP Tuition Rate

The New England Board of Higher Education sets the RSP tuition rate. Consistent with their tuition policy, participating institutions and/or systems may adopt an RSP rate equal to or lower than the RSP rate set by NEBHE. All RSP students enrolled at the same degree level (undergraduate, graduate) at an institution will be charged the same RSP tuition rate. Institutions must give written notice to NEBHE during the annual RSP review of the intent to implement a new rate in the following academic year.

\*The institutions which allow Proximity eligibility are listed at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak) under "Eligibility."

# New England Board of Higher Education's New England Regional Student Program (RSP)

## Participating Colleges and Universities Offer Hundreds of Degree Programs

Residents of the six New England states are eligible to pay a lower, regional tuition rate (instead of the regular out-of-state tuition rate) when enrolled in associate, bachelor's and graduate degree programs approved under the RSP. Certain colleges allow additional eligibility under the proximity policy – when students live closer to an out-of-state college. Some community colleges also allow eligibility for certificate programs and/or for all or most associate degree programs. View eligibility information at [www.nebhe.org/tuitionbreak](http://www.nebhe.org/tuitionbreak).
