New England Board of Higher Education's Tuition Break for New England Residents

New England Regional Student Program

2012-13 Annual Report Executive Summary

This academic year, a total of 9,338 New England residents were enrolled under the New England Board of Higher Education's Regional Student Program (RSP) and saved an estimated \$53 million on their 2012-13 tuition bills. Students who were enrolled full time saved an average of \$6,955.

Because of NEBHE and its RSP, New England residents are eligible for a tuition discount when they enroll at out-of-state public colleges and universities in the six-state region and pursue approved degree programs not offered by their home-state public institutions. At some colleges, eligibility also extends to students whose home is closer to an out-of-state college than to an in-state college.

Academic year 2012-13 marks the 56th year of the RSP, which NEBHE established in 1957-58 to fulfill the purposes of the congressionally authorized New England Higher Education Compact – expanding educational opportunities for New England residents and sharing higher education resources.

Since it was established, the RSP has provided New England residents with discounts on 261,000 annual college tuition bills, with the total savings estimated to be well over \$1.2 billion in current dollars.

NEBHE's Tuition Break program not only provides much-needed tuition relief to New England students and families but also fosters cost-efficient resource-sharing among the six New England states.

The RSP eliminates the need to duplicate academic programs offered by public colleges and universities in other New England states and therefore helps the individual New England states and their public higher education institutions avoid countless billions of dollars in capital and operating expenditures.

The region's public colleges and universities received more than \$64 million in tuition revenue from the RSP students enrolled at their campuses in 2012-13. The RSP helps participating campuses attract and retain out-of-state New England students who would have likely attended college elsewhere if the RSP tuition discount were not available.

Expansion of RSP Program Offerings

More than 750 undergraduate and graduate degree programs have been approved for eligibility under the RSP through an annual peer-review conducted by NEBHE, which engages all the RSP participating institutions. A significant number of RSP degree programs are in specialized or highdemand career areas, such as biomedical engineering, environmental engineering, allied health, pharmacy, energy services technology, advanced manufacturing technology, sustainability studies and tourism.

The RSP degree programs have historically been restricted to majors only; however, the RSP policies were revised in March 2012 to also allow for the approval of specialized concentrations that are comparable to majors in their content.

The 2012 Annual Review resulted in the approval of 24 additional degree programs:

- Associate degree program (1): Polysomnographic Technology.
- **Bachelor's degree programs (8):** Allied Health; Design (Graphic & Web BFA); Energy Systems Engineering; Environmental, Earth and Ocean Sciences; Human Development and Family Studies; Nuclear Medicine Technology; Peace and Conflict Studies; and Visual Communications.
- Graduate programs (15): Adult Learning (MA); Autism Studies (MS); Bioengineering (PhD); Cognitive Science (Cert.); Conflict Resolution (Cert.); Criminal Justice (PhD); Direct-Entry Nursing (MS); Engineering and Applied Science (PhD); Food Systems (MS); Global Governance and Human Security (PhD); Health Care Genetics (Professional Science Master's); International Relations (MSPA); Museum Studies (MA); Peace and Conflict Studies (MA); and Urban Multicultural Special Education (MEd).

This report provides data on RSP enrollment and tuition revenue and savings for the 2012-13 academic year, as well as historical data. NEBHE thanks the campus officials who provided detailed fall 2012 RSP enrollment information, as well as the RSP representatives and administrators who oversee the ongoing participation of their institutions in the RSP.

Highlights of Connecticut's Participation in the RSP: 2012-13

The RSP provides a tuition break to Connecticut residents enrolled in approved degree programs at public campuses in the five other New England states, and provides a reciprocal benefit to eligible New England residents enrolled at Connecticut's public institutions. Connecticut residents are eligible for 300 undergraduate and graduate degree programs with the RSP Tuition Break.

The full-time equivalent (FTE) enrollments were calculated using a modified version of the U.S. Dept. of Ed's methodology. Specifically, the FTE was determined by adding 40 percent of an institution's reported part-time enrollment to its reported full-time enrollment [(Part-time Enrollment $x \ 0.4$) + Full-time Enrollment = FTE]. Tuition savings equals the discount on out-of-state tuition that Connecticut residents receive because of the RSP. Revenue figures represent the tuition paid by incoming RSP students. Net revenue equals the RSP surcharge above the in-state rate. All tuition revenue and savings figures are estimates based on annual tuition rates and FTE figures for the fall 2012 semester. Average annual tuition savings is based on full-time enrollment.

Highlights of Maine's Participation in the RSP: 2012-13

The RSP provides a tuition break to Maine residents enrolled in approved degree programs at public campuses in the five other New England states, and provides a reciprocal benefit to eligible New England residents enrolled at Maine's public institutions. Maine residents are eligible for 400 undergraduate and graduate degree programs with the RSP Tuition Break.

Summary of 2012-13 Regional Student Program (RSP) Data

2012-13 RSP Tuition Savings and Revenue

The New England Board of Higher Education's Regional Student Program (RSP) Tuition Break provided New England residents an estimated total of \$53 million in savings on their 2012-13 tuition bills. The average savings for a full-time RSP student was \$6,955. Meanwhile, the RSP participating institutions received more than \$64 million in tuition revenue from RSP students in 2012-13.

2012-13 RSP Enrollment Data

Total RSP enrollment this academic year was a headcount of 9,338, up just under 1% from last year. Enrollment at bachelor's degree-granting institutions accounted for 50% of total enrollment. Community colleges accounted for 39% of enrollment, undergraduate enrollment at the state colleges and universities, 52% and graduate enrollment, 9%.

Incoming enrollment

States with increases in the number of RSP students attending their public colleges and universities in 2012-13 were Maine (11%), Connecticut (8%), Rhode Island (4%) and Vermont (2%). States with decreases were New Hampshire (-10%) and Massachusetts (-1%).

Outgoing enrollment

States with increases in the number of their residents participating in the RSP in 2012-13 were Massachusetts (5%), Connecticut (3%) and New Hampshire (1%). States with decreases were Maine (-9%), Vermont (-5%) and Rhode Island (-4%).

Connecticut, Massachusetts and Maine saw the highest percentage of their state's residents enrolled under the RSP at bachelor's degree-granting institutions – 77%, 60% and 55% respectively.

Meanwhile, New Hampshire. Vermont and Rhode Island saw the highest percentage of their state's residents enrolled under the RSP at community colleges – 55%, 50% and 46%, respectively.

Enrollment breakdowns by type of institution and state are provided in Figs. 1 through 9. Migration data by degree level for each state is included on the states' individual highlights pages (pages 5-10). Enrollment numbers for individual degree programs are provided in the Appendix.

History of RSP Participation

Since the first year of RSP enrollment in 1957, the RSP has provided New England students with discounts on more than 261,000 annual tuition bills (See Fig. 11). The RSP has afforded participating students a total of more than \$1.2 billion in tuition savings, when calculated in current dollars.

Data Source

The New England Board of Higher Education surveyed all of the RSP participating institutions for fall 2012 enrollment data and student characteristics. NEBHE calculated annual 2012-13 enrollment and tuition savings and revenue data, based on fall 2012 enrollment data and annual tuition rates.

Fig. 1. RSP Tuition Savings and Revenue and Enrollment by State: 2012-13

NEBHE's Regional Student Program (RSP) provided New England residents an estimated total of \$53 million in savings on their 2012-13 tuition bills. The average annual tuition discount for a full-time RSP student was almost \$7,000. The RSP participating institutions received an estimated total of \$64 million in tuition revenue from RSP students.

NOTES: The RSP tuition savings figures represent the discount on out-of-state tuition received by eligible residents. Revenue figures represent the total tuition paid by RSP students to participating institutions.

Net revenue equals the RSP surcharge above the in-state rate.

All tuition revenue and savings figures are estimates based on annual tuition rates and FTE figures

for the fall 2012 semester. The full-time equivalent (FTE) enrollments were calculated using a

modified version of the U.S. Department of Education's methodology. Specifically, the FTE was determined

by adding 40 percent of an institution's reported part-time enrollment to its reported full-time enrollment

[(Part-time Enrollment x 0.4) + Full-time Enrollment = FTE]. Total numbers may vary slightly due to rounding.

Fig. 2. RSP Tuition Revenue and Enrollment by Institution: 2012-13 (continued)

NOTES: All tuition revenue and savings figures are estimates based on annual tuition rates and FTE figures for the fall 2012 semester. The full-time equivalent (FTE) enrollments were calculated using a modified version of the U.S. Department of Education's methodology. Specifically, the FTE was determined by adding 40 percent of an institution's reported part-time enrollment to its reported full-time enrollment [(Part-time Enrollment x 0.4) + Full-time Enrollment = FTE]. Total numbers may vary slightly due to rounding. Net revenue is the amount of revenue provided by the RSP that is above the in-state tuition revenue.

*N.E. TOTALS equal the total number of RSP participants in a given year.

GRAND TOTALS equal the total number of RSP exchanges (or the total number of annual discounted tuition bills) for all year of enrollment, from 1958-59 to present. NOTE: The six New England public land-grant universities have participated in the RSP since the first year of enrollment in 1958-59.

The community colleges have participated since 1968-69 and all the state colleges and universities since 1974.

Data for all years of enrollment, from 1958-59 through 2012-13, are available from NEBHE.

NEW ENGLAND BOARD OF HIGHER EDUCATION

The New England Board of Higher Education (NEBHE) is a nonprofit, congressionally authorized, interstate agency whose mission is to foster cooperation and the efficient use of resources among New England's approximately 280 colleges and universities. NEBHE was created by the New England Higher Education Compact, a 1955 agreement among the states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont. NEBHE is funded by the six New England states.
