**New England Board of Higher Education's  
Tuition Break for New England Residents  
New England Regional Student Program  
2015-16 Annual Report Executive Summary**

This academic year, a total of 8,958 New England residents were enrolled under the New England Board of Higher Education's Regional Student Program (RSP) and saved an estimated \$58 million on their 2015-16 tuition bills. Students who were enrolled full time saved an average of \$7,900.

Because of NEBHE and its RSP, New England residents are eligible for a tuition discount when they enroll at out-of-state public colleges and universities in the six-state region and pursue approved degree programs not offered by their home-state public institutions. At some colleges, eligibility also extends to students whose home is closer to an out-of-state college than to an in-state college.

Academic year 2015-16 marks the 58<sup>th</sup> year of enrollment in the RSP, which NEBHE established in 1957-58 to fulfill the purposes of the congressionally authorized New England Higher Education Compact – expanding educational opportunities for New England residents and sharing higher education resources. Since it was established, the RSP has provided New England residents with discounts on 289,000 annual college tuition bills.

NEBHE's Tuition Break program not only provides much-needed tuition relief to New England students and families but also fosters cost-efficient resource-sharing among the six New England states.

The RSP eliminates the need to duplicate academic programs offered by public colleges and universities in other New England states and therefore helps the individual New England states and their public higher education institutions avoid countless billions of dollars in capital and operating expenditures.

The region's public colleges and universities received more than \$69 million in tuition revenue from the RSP students enrolled at their campuses in 2015-16. The RSP helps participating campuses attract and retain out-of-state New England students who would have likely attended college elsewhere if the RSP tuition discount were not available.

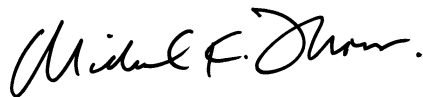

**Expansion of RSP Program Offerings**

More than 850 undergraduate and graduate degree programs have been approved for eligibility under the RSP through an annual peer-review conducted by NEBHE, which engages all the RSP participating institutions. A significant number of RSP degree programs are in specialized or high-demand career areas, such as biomedical engineering, environmental engineering, allied health, pharmacy, energy services technology, advanced manufacturing technology and sustainability studies.

The 2015 Annual Review resulted in the approval of 28 additional degree programs:

- **Associate degree programs (3):**  
Advanced Manufacturing Process, Secure Software Development, Speech Language Pathology Assistant
- **Bachelor's degree programs (12):**  
Aviation Flight Training, Aviation Management, Community Art Education, Cybersecurity, Cytotechnology, Data Science, Forensic Science, International and Global Studies, Management Three-Year Degree, Photography, Service Operations Management, Veterinary Technology
- **Graduate programs (13):**  
**Master's:** Analytics (MS), Clinical Mental Health Counseling (MS), Data Science (MS), Finance (MS), Global Inclusion and Social Development (MA), Nursing: Direct Entry (MS), Policy, Planning and Management (MS)  
**Doctoral:** Applied Psychology and Prevention Studies (PhD), Chemistry and Biochemistry (PhD), Developmental and Brain Science (PhD), Global Inclusion and Social Development (PhD), Higher Education Administration (EdD), Higher Education Administration (PhD)

This report provides data on RSP enrollment and tuition revenue and savings for the 2015-16 academic year, as well as historical data. NEBHE thanks the campus officials who provided detailed fall 2015 RSP enrollment information, as well as the RSP representatives and administrators who oversee the ongoing participation of their institutions in the RSP.

## **Summary of 2015-16 Regional Student Program (RSP) Data**

### **2015-16 RSP Tuition Savings and Revenue**

The New England Board of Higher Education's Regional Student Program (RSP) Tuition Break provided New England residents an estimated total of \$58 million in savings on their 2015-16 tuition bills.

The weighted-average savings based on full-time enrollment was \$7,900 for all RSP students, \$8,949 for undergraduate RSP students at state colleges and universities, \$7,925 for RSP graduate students, and \$5,593 for RSP community college students.

Meanwhile, the RSP participating institutions received more than \$69 million in tuition revenue from RSP students in 2015-16.

### **2015-16 RSP Enrollment Data**

Total RSP enrollment this academic year was a headcount of 8,958, down 3% over last year. Enrollment at the community colleges, (39% of RSP enrollment), decreased 7% from 2014-15 totals. Graduate enrollment decreased by 3%. Undergraduate enrollment at the state colleges and universities basically matched last year's numbers, decreasing by only 6 students (-.1%).

Estimated national enrollment data for Fall 2015 released in December 2015 by the National Student Clearinghouse showed a 2.4% decrease at two-year publics and a .4% increase at four-year publics in headcount enrollment. According to preliminary data gathered by NEBHE, several of the RSP participating colleges and universities with decreases in RSP enrollment also saw decreases in overall enrollment.

#### **Incoming enrollment**

Three states saw increases in the number of RSP students attending their public colleges and universities in 2015-16: Connecticut (6%), New Hampshire (4%), and Maine (3%). The other three states saw decreases: Vermont (-11%), Massachusetts (-6%) and Rhode Island (-4%).

#### **Outgoing enrollment**

Two states saw modest increases in the number of their residents participating in the RSP in 2015-16: Rhode Island (3%) and Massachusetts (1%). The other four states saw decreases: Connecticut (-6%), New Hampshire (-7%), Maine (-5%) and Vermont (-4%).

Connecticut, Massachusetts, Maine and Rhode Island saw the highest percentage of their state's residents enrolled under the RSP at bachelor's degree-granting institutions – 72%, 64%, 51% and 47%, respectively.

Meanwhile, Vermont and New Hampshire saw the highest percentage of their state's residents enrolled under the RSP at community colleges – 55% and 52%, respectively.

Enrollment breakdowns by type of institution and state are provided in Figs. 1 through 9. Migration data by degree level for each state is included on the states' individual highlights pages (pages 5-10). Enrollment numbers for individual degree programs are provided in the Appendix.

### **Data Source**

The New England Board of Higher Education surveyed all of the RSP participating institutions for fall 2015 enrollment data and student characteristics. NEBHE calculated annual 2015-16 enrollment and tuition savings and revenue data, based on fall 2015 enrollment data and annual tuition rates.

Revenue figures represent the total tuition and estimated mandatory fees paid by RSP students to participating institutions. Net revenue equals the RSP surcharge above the in-state tuition rate. The revenue figures are calculated based on annual tuition rates and mandatory fees and FTE figures reported for the fall 2015 semester. The full-time equivalent (FTE) enrollments were calculated using a modified version of the U.S. Department of Education's methodology. Specifically, the FTE was determined by adding 40 percent of an institution's reported part-time enrollment to its reported full-time enrollment [(Part-time Enrollment x 0.4) + Full-time Enrollment = FTE]. Total numbers may vary slightly due to rounding.*

*NOTES: The revenue figures are calculated based on annual tuition rates and mandatory fees and FTE figures reported for the fall 2015 semester. The full-time equivalent (FTE) enrollments were calculated using a modified version of the U.S. Department of Education's methodology. Specifically, the FTE was determined by adding 40 percent of an institution's reported part-time enrollment to its reported full-time enrollment [(Part-time Enrollment x 0.4) + Full-time Enrollment = FTE]. Total numbers may vary slightly due to rounding.*

*The following institutions did not report any enrollment under the RSP: In Connecticut: Capital, Gateway, Housatonic, Manchester, Middlesex, Norwalk and Tunxis community colleges. In Maine: Eastern Maine and Kennebec Valley community colleges; University of Maine at Fort Kent and University of Maine at Presque Isle (because they have institutional policies allowing all out-of-state students to pay reduced tuition). In Massachusetts: Cape Cod, Massasoit, Roxbury community colleges.*

*The following students were eligible to pay the in-state tuition rate: 11 students at UConn School of Dental Medicine, 2 students at UConn School of Medicine; 70 students at Maine Maritime Academy; 103 students at Massachusetts Maritime Academy.*

*Castleton State College changed its name to Castleton University in July 2015.*

In Maine: Eastern Maine and Kennebec Valley community colleges; University of Maine at Fort Kent and University of Maine at Presque Isle (because they have institutional policies allowing all out-of-state students to pay reduced tuition). In Massachusetts: Cape Cod, Massasoit, Roxbury community colleges. Castleton State College changed its name to Castleton University in July 2015.

## NEW ENGLAND BOARD OF HIGHER EDUCATION

The New England Board of Higher Education (NEBHE) is a nonprofit, congressionally authorized, interstate agency whose mission is to foster cooperation and the efficient use of resources among New England's approximately 280 colleges and universities. NEBHE was created by the New England Higher Education Compact, a 1955 agreement among the states of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont. NEBHE is funded by the six New England states.
