

Tuition Break

- Strategic enrollment management tool for out-of-state/in-region recruitment
- New England's 82 public colleges and universities offer more than 1,200 undergraduate and graduate degree programs to students in other New England states, with 8,100 participating students
- Participating institutions generate over \$98 million in tuition revenue annually
- Expanded flexibility for four-year program inclusion for fall 2019 and beyond

New England Independent College Transfer Guarantee

- Build stronger partnerships between community colleges and independent institutions in three states
- Develop seamless and affordable transfer options
- Promote liberal arts transfer opportunities at independent colleges for community college graduates
- Promote equitable participation and degree attainment

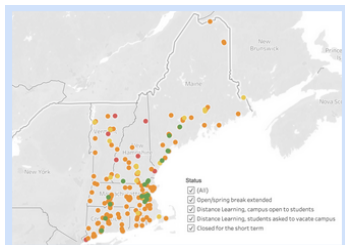

State Authorization Reciprocity (SARA)

- Enables more efficient provision of distance education to a broader market
- Establishes state-level reciprocity, eliminating the patchwork of authorization issues in offering distance education programs and experiences across state lines

Upcoming Survey of Adult Learners in New England with Maguire Associates

- Primary research survey of 2,500 adults across New England states
- Focus on adult learners' perceptions, plans, decision drivers, barriers and enablers
- Expected release in early June 2020
