

New England Adult Learner Survey Findings Higher Education Experience

NOVEMBER 2020

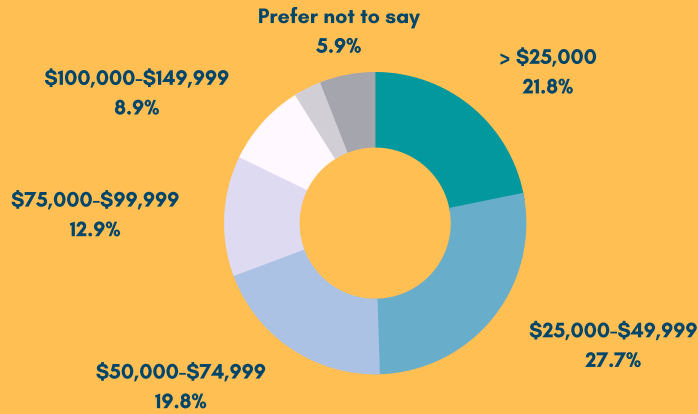

In the spring of 2020, NEBHE, in collaboration with Maguire Associates, administered a survey to adult learners currently living in New England who were over the age of 25 and had achieved a minimum education level of a high school diploma or GED, but did not hold a Bachelor's degree. We received 2,031 valid responses from a sample representative of the populations of the six New England States. Here is what we discovered about New England adults' experiences with higher education.
